Forward.

Since 1981, the Buffalo Renaissance Foundation has had only one direction in mind for Western New York. Led by a group of local business leaders who value Buffalo as the ideal place to live, work and raise a family, our mission is to help the community move forward for generations to come.

Through our active support of educational, cultural and benevolent organizations and activities, the Buffalo Renaissance Foundation has been planting the seeds of positive thinking and positive change for decades. Our fundraising events have become valued traditions, especially our Annual Golf Classic—the second oldest charitable tournament in Buffalo.

Unlike other community organizations, our influence doesn't end with charitable giving. In many ways, public awareness is more valuable than any financial grant, which is why we're devoted to organizing public dialogue about critical issues that impact Western New York. Through events like our yearly Speaker Forums and Annual Spring Luncheon, the Buffalo Renaissance Foundation aims to clear one of the biggest hurdles of social change—engaging the community.

Forward motion is necessary to help our future generations realize the best opportunities to enjoy a high quality of life in Western New York. We believe that our community is moving in the right direction, and our foundation is here to enable continued progress. By fostering positive change, the Buffalo Renaissance Foundation is thinking, acting and driving our community forward.
